Unit 1: Expressions Equations and Inequalities

1

Unit 1: Expressions Equations and Inequalities

	Expressions Equations & Inequalities
SKILL	LEARNING GOALS
1	I can graph and order real numbers
2	I can represent numbers in a variety of equivalent forms
3	I can understand and evaluate representations of algebraic expressions
4	I can use order of operations to simplify expressions
5	I can solve two-step equations, multi-step equations
6	I can solve equations with grouping symbols and variables on both sides
7	I can solve literal equations and formulas
8	I can solve equations that are identities and have no solution
9	I can solve inequalities and graph solution sets
10	I can solve compound inequalities
11	I can write inequalities to solve real-world applications
12	I can solve absolute value equations and graph solution set
13	I can solve absolute value inequalities and graph solution sets
14	I can write inequalities to solve real-world applications
