

AP Calculus

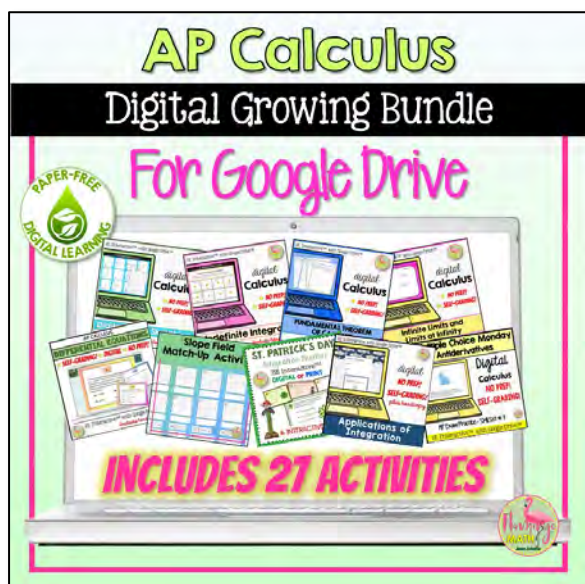

Digital Growing Bundle

For Google Drive

INCLUDES 27 ACTIVITIES

AP Calculus Activities Digital Growing Bundle

This is a growing bundle of digital activities
For AP Calculus AB and BC students.

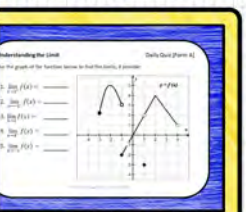

This growing bundle currently contains 27 activities for your AP Calculus AB, BC, or Calculus Honors students. There are activities for Google Slides, and self-grading assignments using Google Forms. Each product includes detailed directions for how to share with your students. Many will also include blackline masters for when you need the option for a printable resource. Topics and concepts are presented differently so students will stay engaged. All answer keys are included.

NOTE: You and your students must have a free Google™ account in order to access and interact with the activity. It is not necessary to use Google Classroom to use this resource.

GOOGLE FORMS™ are editable. This offers you flexibility to add, delete, or edit questions. You can also adjust the point value for each question to meet your needs.

There are 8 digital daily quiz assignments for Unit 1: Limits and Continuity. Each topic contains 2 forms and are paperless for your 1:1 classroom needs. There are also black line masters for absent students or when you need that option.

The Basics for using any GOOGLE Slides file, you must:

- 1.) Have access to the Internet.
- 2.) Have a Google account – this is FREE and easy to create.
- 3.) Every student who uses the activity needs their own Google Account and the Google Slides App.
- 4.) For those who wish to make a hard copy of the finished assignment, you may want to have access to a printer. This is optional. Students can submit their finished activity through your learning management system, if your school is one-to-one.
