FLAMINGO MATH

Thank you for your purchase!
Be sure to follow me for new products, freebies and sales.

I truly appreciate the trust you have placed in me to provide high-quality classroom tools for both you and your students. I value your confidence in my products and never want to disappoint you. Your support helps me continue in my love for providing teachers and students with meaningful mathematics that are relevant and rigorous.

By purchasing this product, you are agreeing to the Terms of Service that protect my Intellectual Property Rights.

All products are owned by Jean Adams © Flamingo Math™ and are protected by the **Digital Millennium Copyright Act (DMCA)**. Jean Adams © Flamingo Math™ retains all proprietary rights to the material contained within each product. This product is for one individual in your **personal classroom only for your entire career, but is not transferable..** If you would like to share this product with your colleagues or department, please purchase additional licenses from my store at a discounted price.

Flamingo Math products are not to be posted on district/teacher websites and/or networks allowing access to the product by other individuals. However, posting on a secured teacher website that is **password protected for student access is allowed.**

If you have any questions, please email me at jean@flamingomath.com and ask. I'm here for you!

A handwritten signature in black ink that reads 'Jean'.

MY GOALS

1

This or That?

Read a book	Watch a movie
Coke	Pepsi
Baseball	Football
Cat	Dog
City life	
Outdoors	

One More Thing

I'm really looking forward to our year together!

Is there anything that you would like me to know about you, your learning style, home-life, or other concerns?

I am a Florida certified Mathematics teacher, Teacher of the Year, and former NBCT in Adolescence and Young Adulthood (AYA) Mathematics, 2002. I recently retired from the classroom at Olympia High School, in Orlando, FL (2017).

I began my teaching career in junior high, teaching pre-algebra through Algebra I Honors, from 1995-1998, then moved to high school, teaching Pre-Calculus and AP Calculus AB, with occasional Geometry, Algebra I and Algebra 2 classes.

My passion and drive to write curriculum that saves teachers valuable time and helps students understand the language and how to process difficult concepts, began in 1998.

My products include Guided Notes, [Foldables](#),® SMART Board® lessons, games, activities, homework, assessments, Digital Products for Google Drive, and so much more. My resources are focused on three courses for your honors students. [Algebra 2](#), [Pre-Calculus](#), and [Calculus](#).

Did you know that **FLAMINGO** holds a mnemonic meaning to my career? I am a **FLA** (Florida) native, who started teaching in **MI** (Merritt Island, FL) and **NGO** (Now Greater Orlando) where **MATH** truly is my life's work!

If you ever have any questions about my resources, ideas or special requests, please feel free to contact me at jean@flamingomath.com
