Are you searching for Precalculus Honors Assessments?

All new editable assessments and so much more to save you time

Take a look inside!

Rigorous assessments aligned to course standards is here.

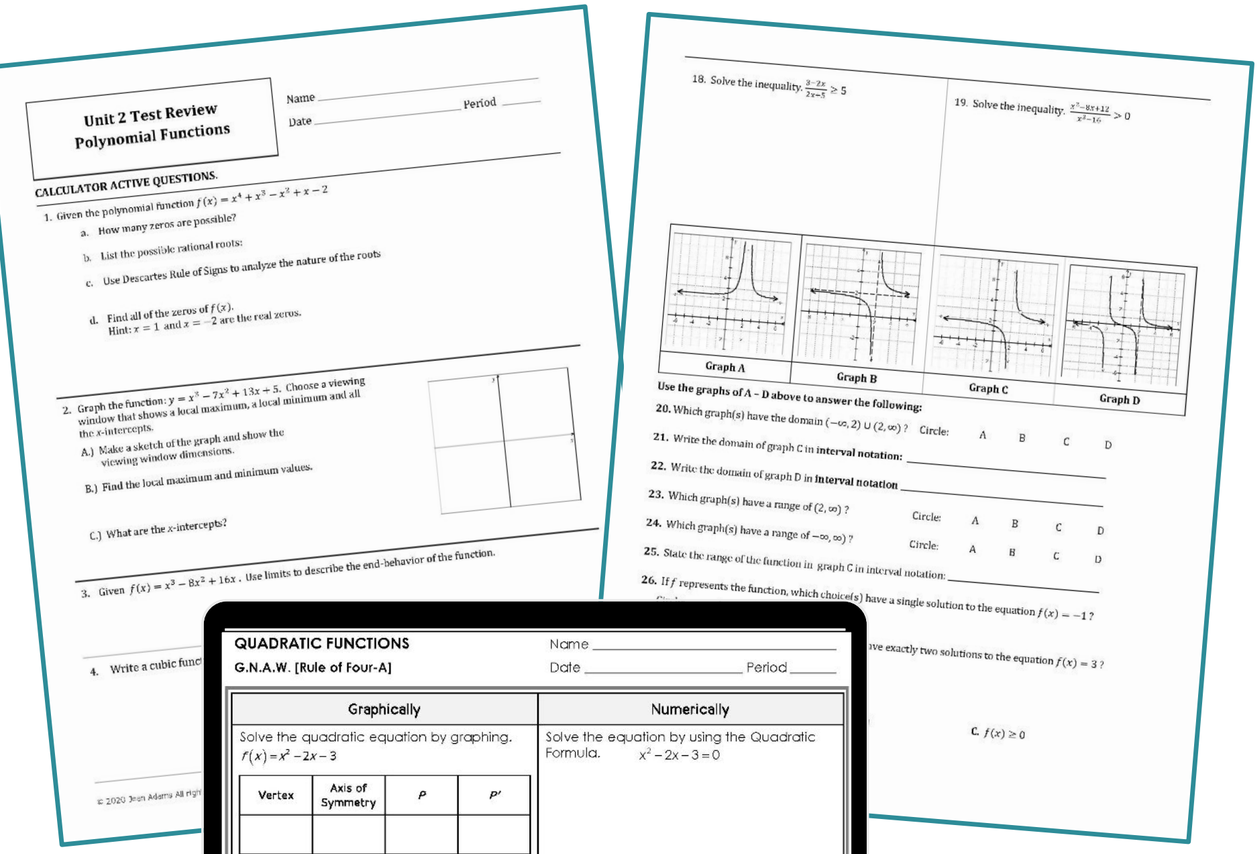

- Where do you find extra time to write rigorous Precalculus assessments?
- Is your class instruction aligned to the course learning objectives and topics?
- You need assessments that will challenge your students to the rigor of Precalculus Honors for success.

Flamingo Math will be your silent testing partner!

Flamingo Math by Jean Adams

WHAT IS INCLUDED?

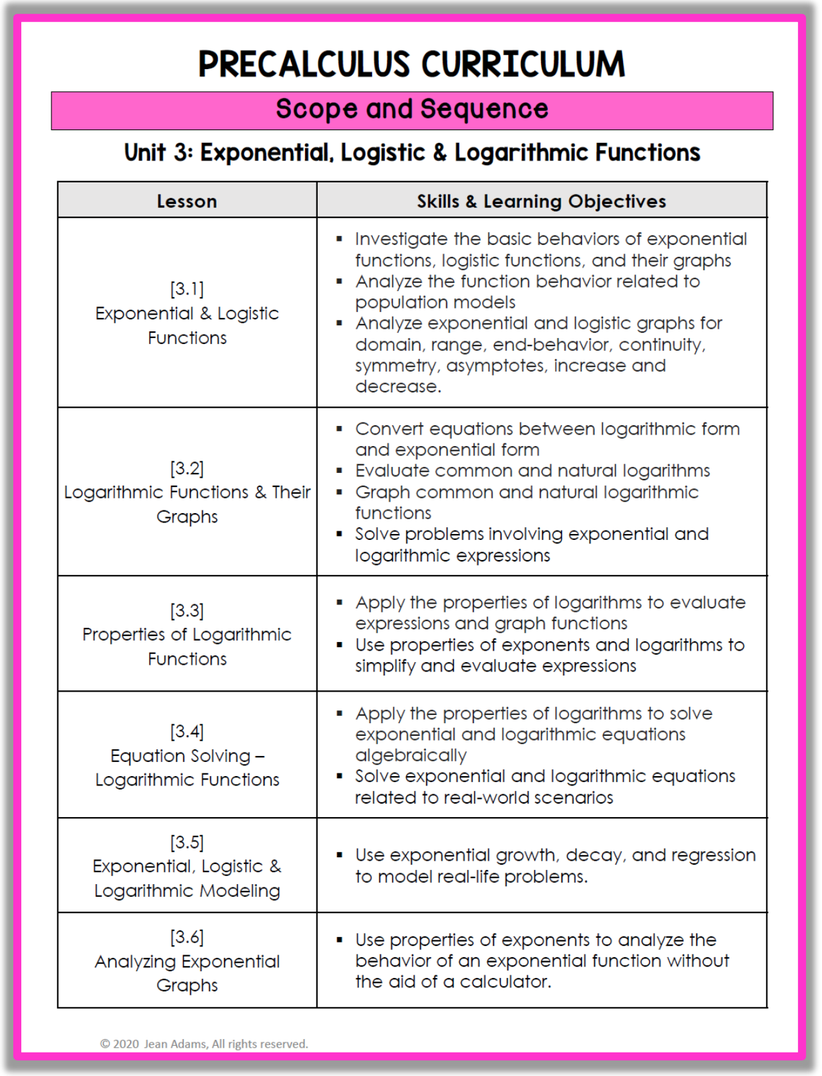

- Editable Review assignments
- Editable assessments
- Full solution sets
- Extra Practice Topics
- Scope and Sequence

Flamingo Math by Jean Adams

Cover the Standards

Each lesson will provide you and your students with the skills and learning objectives necessary for success in the Precalculus Honors Environment.

- ❑ You will find an editable scope and sequence document to track the learning objectives for the unit.
- ❑ Each lesson includes Google Slides for your presentation needs.
- ❑ You will also have a ***fully-editable version*** for every lesson, practice set, daily quiz warm up, and assessment.
- ❑ An editable pacing guide for both learning objectives and lesson plans is provided.

PRECALCULUS CURRICULUM

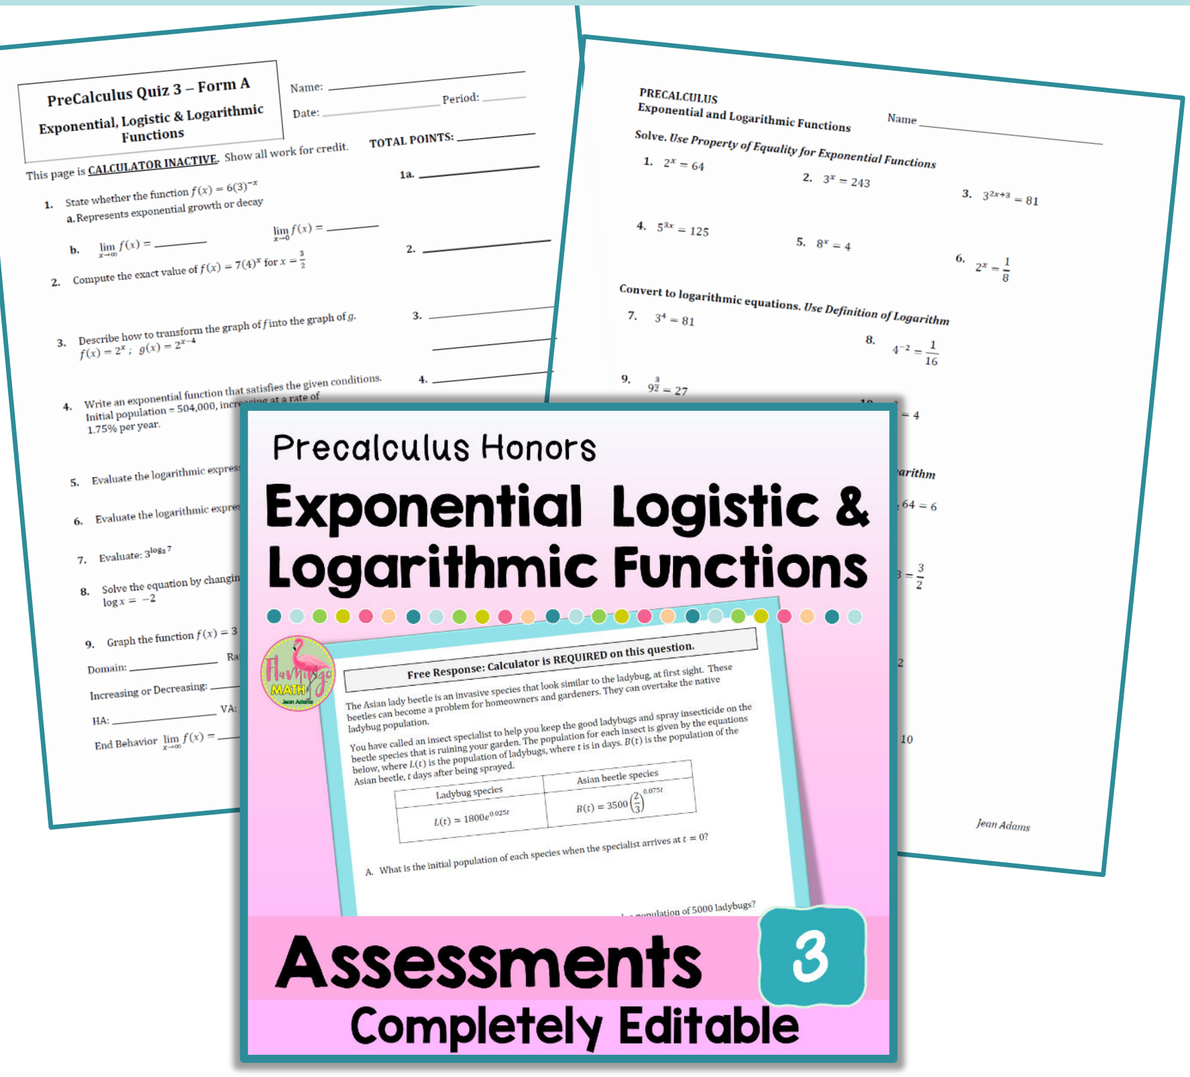

Scope and Sequence

Unit 3: Exponential, Logistic & Logarithmic Functions

Lesson	Skills & Learning Objectives
[3.1] Exponential & Logistic Functions	▪ Investigate the basic behaviors of exponential functions, logistic functions, and their graphs ▪ Analyze the function behavior related to population models ▪ Analyze exponential and logistic graphs for domain, range, end-behavior, continuity, symmetry, asymptotes, increase and decrease.
[3.2] Logarithmic Functions & Their Graphs	▪ Convert equations between logarithmic form and exponential form ▪ Evaluate common and natural logarithms ▪ Graph common and natural logarithmic functions ▪ Solve problems involving exponential and logarithmic expressions
[3.3] Properties of Logarithmic Functions	▪ Apply the properties of logarithms to evaluate expressions and graph functions ▪ Use properties of exponents and logarithms to simplify and evaluate expressions
[3.4] Equation Solving – Logarithmic Functions	▪ Apply the properties of logarithms to solve exponential and logarithmic equations algebraically ▪ Solve exponential and logarithmic equations related to real-world scenarios
[3.5] Exponential, Logistic & Logarithmic Modeling	▪ Use exponential growth, decay, and regression to model real-life problems.
[3.6] Analyzing Exponential Graphs	▪ Use properties of exponents to analyze the behavior of an exponential function without the aid of a calculator.

Reviews from Happy Teachers!

> This resource was an excellent addition for my Precalculus Honors students. The mix of free response questions and the multiple choice is exactly what I was looking for. *Roberto F.*

> Great resource for Honors PreCalc kids!! It definitely made them dig deeper into functions, which is what they needed. *Vickie P.*

> Jean has great, thoughtful assessments. Excited to use in Precalculus this year! *Christina N.*

Full Year Curriculum

The MEGA Bundle provides ten units for you to design the perfect Precalculus Honors course for your state and district standards; including activities, video lessons, presentation tools, and so much more.

- Save over 20% when you purchase the full year curriculum bundle.
- Let Flamingo Math help you teach!

> I have the AP Calculus curriculum and it is awesome! I am so excited to use this for my Pre-Calculus classes! I know the students entering AP Calculus will be better prepared because of using this curriculum. Thank you very much! *Alicia B.*
