

# This is the Ultimate BIG Bundle For Exponential & Logarithmic Functions.

All new completely-editable  
bundle of notes, practice  
and more!

Take a  
look  
inside!

# WHAT IS INCLUDED?

Editable Guided Student Notes, Practice sets, Daily Quizzes and Warm-Ups

Google Slides for Presentation

Video lessons

End-Unit Review Assignment

Full solution sets

Scope, Sequence, Pacing

# Rigorous lessons and practice sets aligned to course standards is here.

Where do you find extra time to write guided notes and practice sets?

Is your class instruction aligned to the learning objectives and standards for the course?

You need resources that will challenge your students to the necessary rigor for success.

## Flamingo Math will help bring balance into your teacher life!

# Cover the Standards

Each lesson will provide you and your students with the skills and learning objectives necessary for success in the Algebra 2 Honors Environment.

- ☐ You will find an editable scope and sequence document to track the learning objectives for the unit.
- ☐ Each lesson includes Google Slides for your presentation needs.
- ☐ You will also have a **fully-editable version** for every lesson, practice set, daily quiz, warm up, and end unit review assignment.
- ☐ An editable pacing guide for both learning objectives and lesson plans is provided.

| [7.1]<br>Exploring Exponential Models          | <input type="checkbox"/> Describe, analyze, and model exponential growth<br><input type="checkbox"/> Describe, analyze, and model exponential decay                                           |
| [7.2]<br>Properties of Exponential Functions   | <input type="checkbox"/> Understand the characteristics and effects of constants in the exponential model $y = ab^x$<br><input type="checkbox"/> Use $e$ as a base in relations and functions |
| [7.3]<br>Logarithmic Functions as Inverses     | <input type="checkbox"/> Write logarithmic functions<br><input type="checkbox"/> Analyze and evaluate logarithmic functions<br><input type="checkbox"/> Graph logarithmic functions           |
| [7.4]<br>Properties of Logarithms              | <input type="checkbox"/> Identify the properties of logarithms<br><input type="checkbox"/> Use properties of logarithms                                                                       |
| [7.5]<br>Exponential and Logarithmic Equations | <input type="checkbox"/> Solve exponential equations<br><input type="checkbox"/> Solve logarithmic equations                                                                                  |
| [7.6]<br>Natural Logarithms                    | <input type="checkbox"/> Evaluate natural logarithmic expressions<br><input type="checkbox"/> Use natural logarithms to solve equations                                                       |

# Cooperative Activities and Assessments Keep Teachers Happy!

# Full Year Curriculum

The MEGA Bundle provides thirteen units for you to design the perfect Algebra 2 Honors course for your state and district standards; including activities, video lessons, presentation tools, and so much more.

- Save over 20% when you purchase the full year curriculum bundle.
- Let Flamingo Math help you teach!

“Flamingo Math always produces quality work! I am so grateful for her resources to guide me as I teach Algebra 2 this upcoming year. *Christy S.*”
