Are you searching for Daily Lesson Topics Formative Assessments?

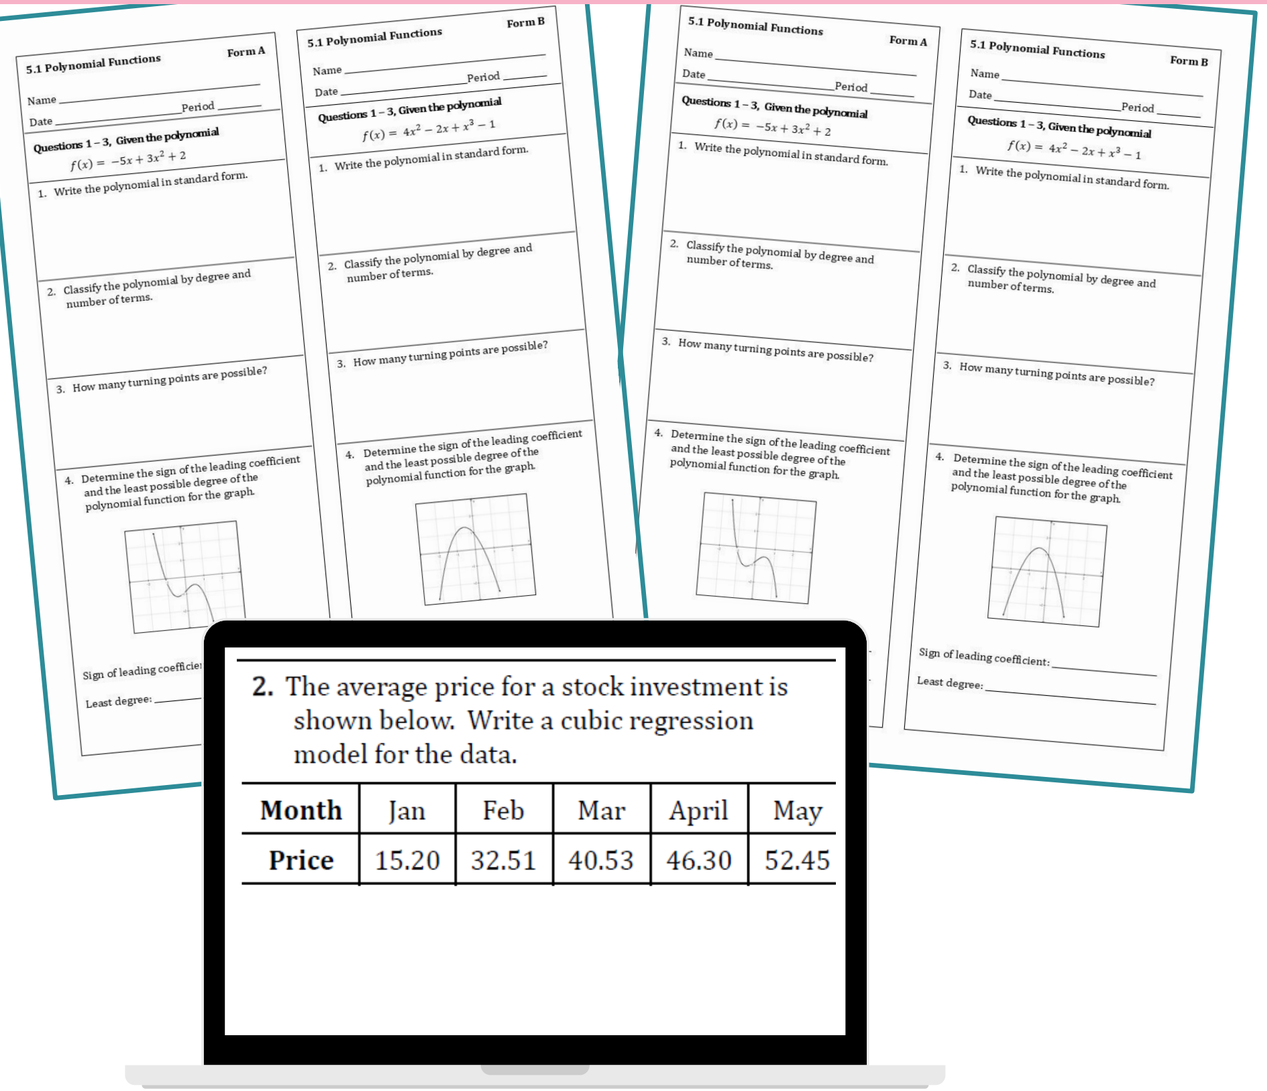

All new editable assessments and so much more to save you time

Take a look inside!

Flamingo Math by Jean Adams

WHAT IS INCLUDED?

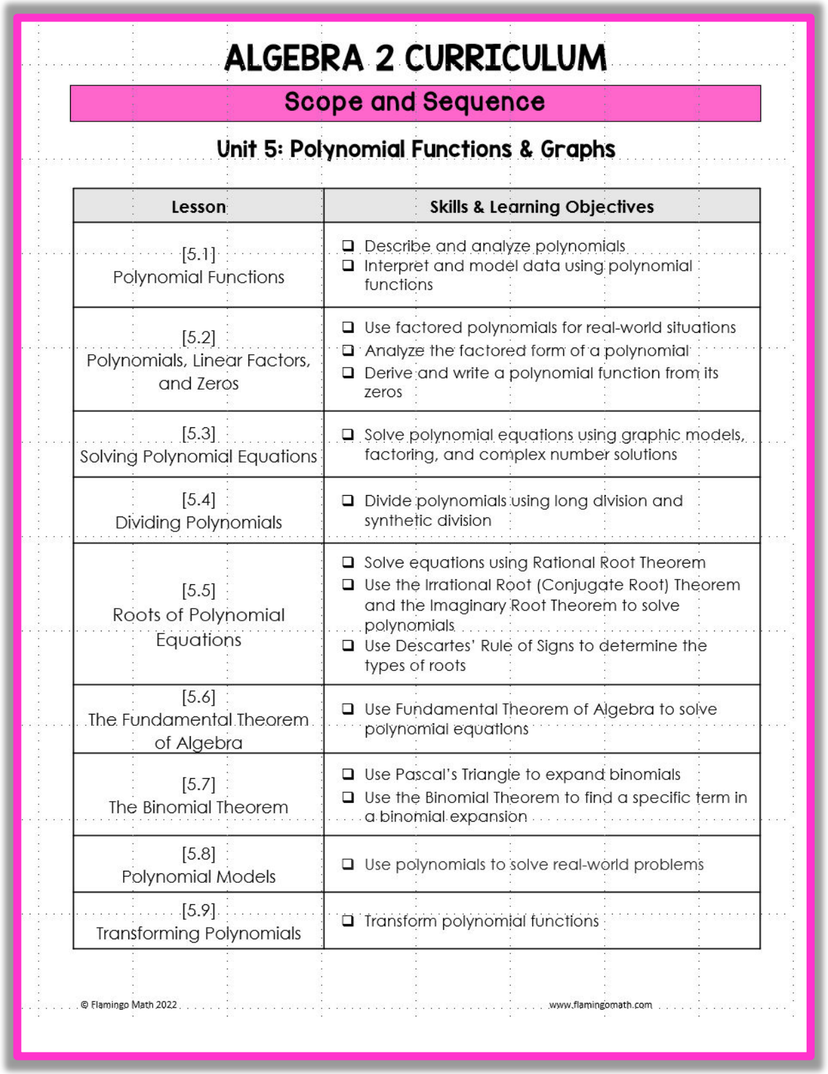

- Editable Daily Lesson Quizzes
- Full solution sets
- Two different versions
- Scope and Sequence
- Pacing Guide

Cover the Standards

Each daily lesson quiz will provide you and your students with the skills and learning objectives necessary for success in the Honors Environment.

- ❑ You will find a scope and sequence document to track the learning objectives for the unit.
- ❑ Each daily quiz is available in two unique forms.
- ❑ You will also have a ***fully-editable version*** for every lesson to create extra assessment tools.
- ❑ A pacing guide for your lessons.

ALGEBRA 2 CURRICULUM

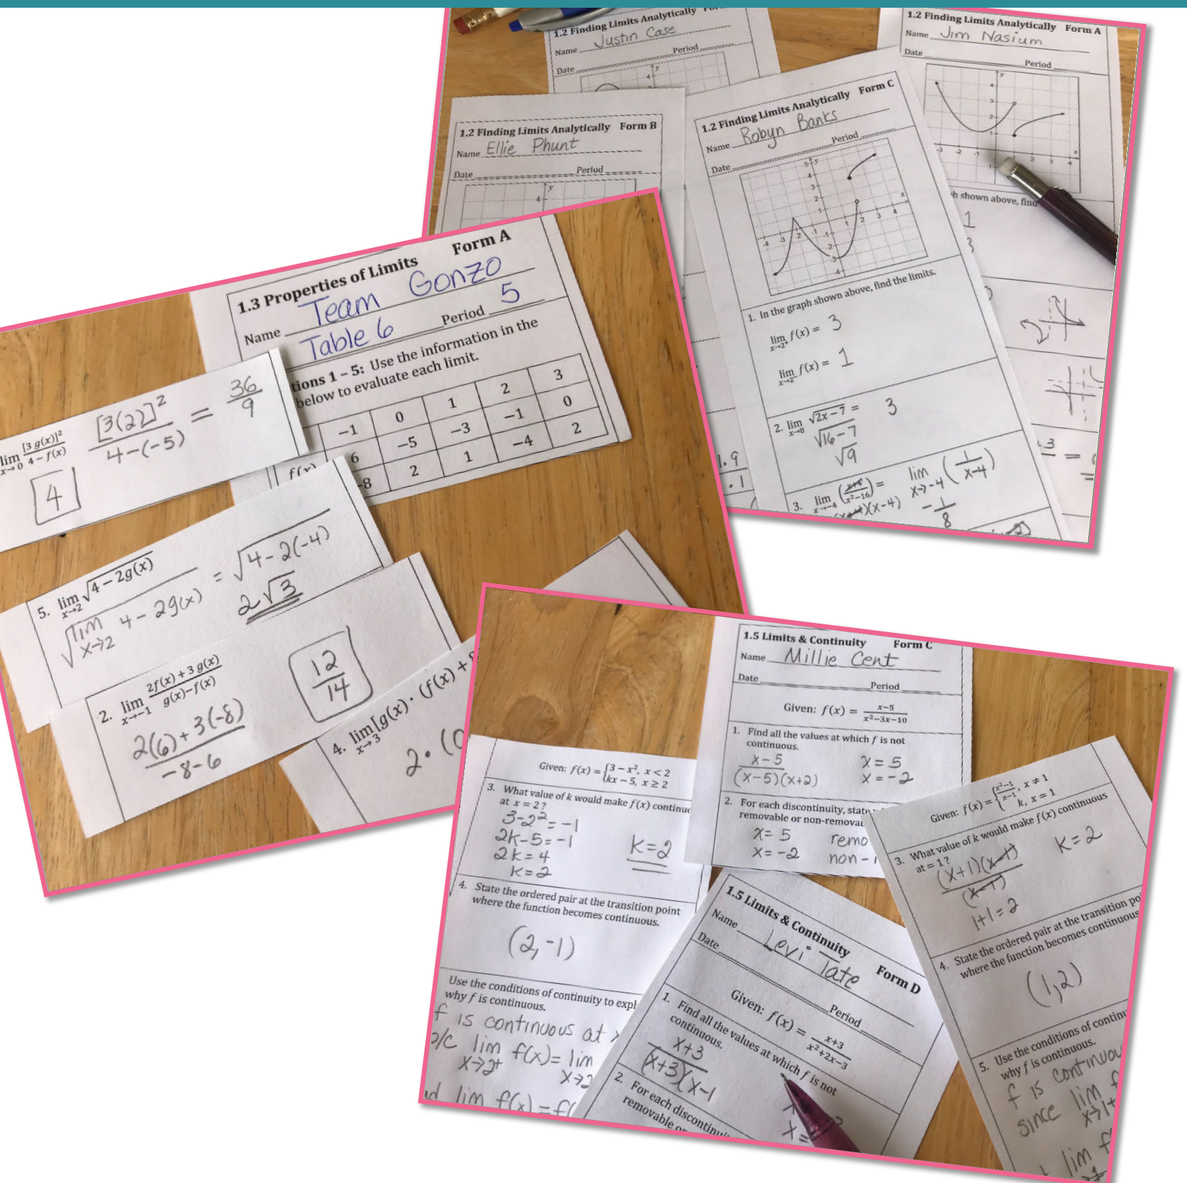

Scope and Sequence

Unit 5: Polynomial Functions & Graphs

Lesson	Skills & Learning Objectives
[5.1] Polynomial Functions	❑ Describe and analyze polynomials ❑ Interpret and model data using polynomial functions
[5.2] Polynomials, Linear Factors, and Zeros	❑ Use factored polynomials for real-world situations ❑ Analyze the factored form of a polynomial ❑ Derive and write a polynomial function from its zeros
[5.3] Solving Polynomial Equations	❑ Solve polynomial equations using graphic models, factoring, and complex number solutions
[5.4] Dividing Polynomials	❑ Divide polynomials using long division and synthetic division
[5.5] Roots of Polynomial Equations	❑ Solve equations using Rational Root Theorem ❑ Use the Irrational Root (Conjugate Root) Theorem and the Imaginary Root Theorem to solve polynomials ❑ Use Descartes' Rule of Signs to determine the types of roots
[5.6] The Fundamental Theorem of Algebra	❑ Use Fundamental Theorem of Algebra to solve polynomial equations
[5.7] The Binomial Theorem	❑ Use Pascal's Triangle to expand binomials ❑ Use the Binomial Theorem to find a specific term in a binomial expansion
[5.8] Polynomial Models	❑ Use polynomials to solve real-world problems
[5.9] Transforming Polynomials	❑ Transform polynomial functions

© Flamingo Math 2022

Rigorous assessments to help differentiate instruction time.

- Use different forms for independent work, or whole class discussion.
- Cut prompts into pieces for a collaborative group experience.
- Use as a warm-up exercise, exit ticket, or homework check grade.

Flamingo Math will help you with formative learning!

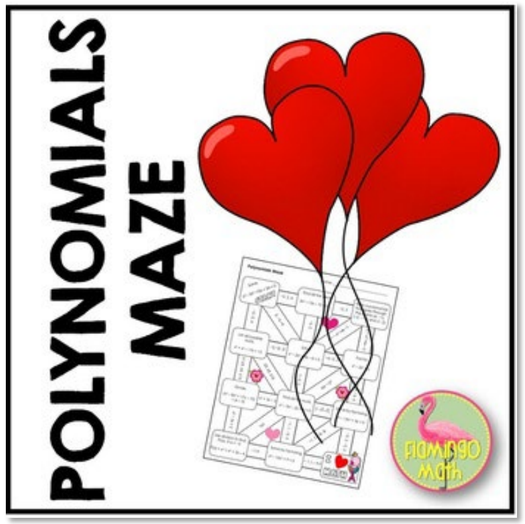

Flamingo Math by Jean Adams

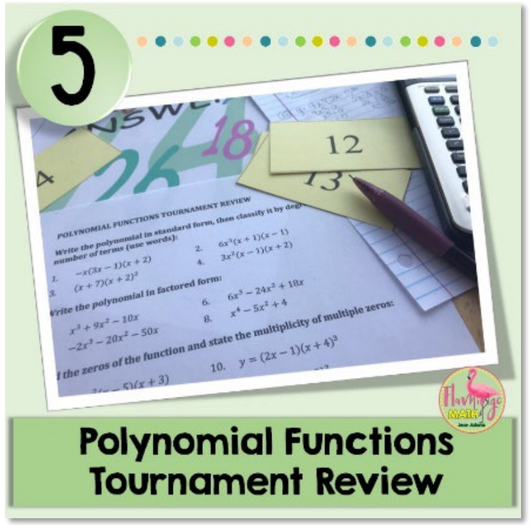

More Resources for YOU

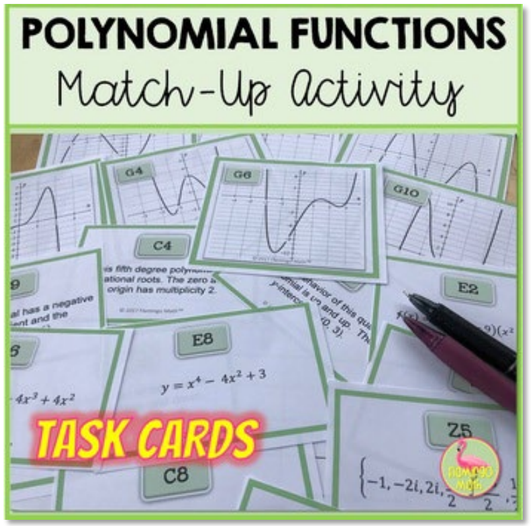

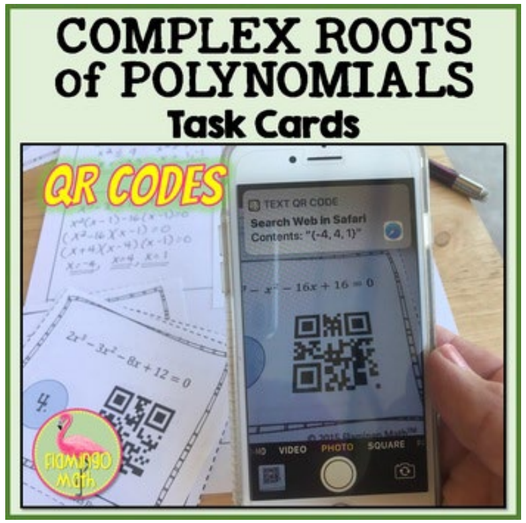

My goal is to help you bring balance into your teacher life by providing relevant content, engaging activities, and comprehensive assessments for your high-stakes math course.
